I. WELCOME/INTRODUCTIONS

- A. Meeting came to order at 10:03 a.m.
- B. RID Philosophy and mission statement were read by Trenda Smith.

II. APPROVAL OF MINUTES dated 5/14/05, Connie Jo Lewis (M) Mary Crump (S)

III. APPROVAL OF AGENDA with corrections, Jennifer Boyd (M) Kelly Hodgins (S)

IV. OFFICER REPORTS

- A. Secretary: visitors contact me if you want a copy of the minutes
- B. Treasurer: unable to attend, sent report
- C. 2nd VP: Kathy unable to attend board meeting. Report by Connie Jo and Earl: Last year – 257 members and 27 honorary members= 284. As of June 15, 2005 - 130 paid members and 27 honorary members = 157 members. A lot of people have joined since that time. The number is climbing back up.
- D. 1st VP: People are asking about independent studies in order to meet the licensure CEU requirement. In order to do an independent study, PNRA, etc, people must be a member of RID. Mark can only process so many independent studies. We must review the cost and possible limitations of NCRID to process a high number of independent studies. **ACTION ITEM:** Mark will review the time and cost associated with processing independent studies and report back to the board.
- E. President:
 1. RID will send us a \$300 registration refund because Connie is on the interpreter team at the RID conference.
 2. Received a thank you note from Lynn Dey regarding our donation.
 3. Region II Affiliated Chapter Presidents award is being presented at NCRID prior to the RID conference because that person will not be attending the RID conference.

V. BOARD MEMBER REPORTS:

- A. 5 & 10 year plan & goals committee: committee has not met since May. Only 2-3 have responded to Connie. Continue **ACTION ITEM**: #22 Send NCRID's SWOT to Mark or Connie by July 3rd in order to write 5/10 year plans.
- B. NCAD rep: we need to confer with NCAD regarding the next co-conference
- C. Licensure:
 - 1. 221 people are eligible for licensure, over 400 people have applied.
 - 2. HB1507 dealing with people moving into the state or who did not have enough hours due to just starting to interpret or for out-of-state certified interpreters working a conference (up to 20 days a year) in NC is in the legislative process.
- D. NCCDHH rep: will be meeting on June 24th at the Archdale building. Earl was not notified of the last rescheduled council meeting.
- E. DSDHH rep:
 - 1. Convenience contracts are now called the AIL (Approved Interpreter List). It encompasses all the divisions. The rate for interpreters are now set and non-negotiable. The general assembly only recognizes full or provisional licenses, not grandfathering. Grandfathered interpreters are on the same pay scale as certified interpreters. That said, the division is still dedicated to hiring the most qualified interpreters available. Jennifer is making sure that we are in accordance with the ADA in hiring qualified interpreters.
 - 2. Earl brought up the issue of credentialed and non-credentialed interpreters being on the same pay scale because DSDHH is only recognizing licensure and not differentiating between credentialed and non-credentialed interpreters. That can cause a quality control problem and gives no incentive for those non-credentialed interpreters to be credentialed.
 - 3. Danette mentioned that the state is also setting an example for other agencies to follow suit and that can cause a problem.
 - 4. Jennifer noted the issues and said that she will report them back to the parties that be. She also mentioned that these contracts can be amended yearly.
- F. NC Editor: The workshop will probably be in November with Mindy Hopper. Only 2 people met at the last scheduled meeting so they are meeting this afternoon.
- G. Historian: Plea to general membership for pictures and missing newsletters.

VI. CONFERENCE COMMITTEE REPORT

- A. Currently there are 147 NCRID members registered, 38 NCAD = 185 people, anyone else showing up might not be able to partake in the banquets/receptions but can attend workshops.
- B. PJ's are your ticket for getting food, starting at 6:45 p.m.
- C. Interpreters need to be flexible! So please understand that some things have changed. Keynote for tonight is Jan Withers. It will be fabulous!
